Getting the best for Doxey - the parish plan

Doxey's parish council is determined to make the village a better place to live in. To do this properly - and to be able to get grants - it needs a plan.

If the plan is to work it has to be Doxey's plan not just the parish council's. Everyone in Doxey should have their say about what goes into the plan and lots of people should be involved in producing it.

To start the ball rolling a meeting will be held in early December for everyone in Doxey to find out how they can take part in producing the parish plan. Look out for the leaflet which will be delivered soon to every house in Doxey. This will:

- give more information about what a plan could do;

and

- give the date, time and place for the meeting.

There will also be posters around Doxey advertising the meeting.

Life support project

Already 15 people from Doxey have learned the resuscitation techniques for use with adults and children of different ages.

The course continues on alternate Thursdays. Make sure that **you** know what to do in an emergency. One or two sessions will be all you need.

If you want to take part call **251622**.

Positive Recycling in Action

This October's Clearout Day was larger than previous events with virtually everything being taken up on the day and which will be put to further good use. The few items that were left over were given to the charity shops in Stafford, so nothing was sent to the tip.

Many thanks to:

all those who brought items to this event;
